Observations... From Around Town

(BY JAY WHOZIT)

Next Tuesday, August 24th is election day again, and although there will be only two names on the ballot and it may seem unimportant, nevertheless it will be important that you vote because you will elect your congressman from the (sixth) district, and it is very necessary at this time, that you make the proper choice, a man who can and will do the most for this section of the Coast—and that man is William M. (Bill) Colmer. . . . we extend our congratulations to brother Linus, vice-president of Stanislaus, who on last Sunday celebrated the silver jubilee of his entry into the Order of the Brothers of the Sacred Heart, and may God grant that he be with us to celebrate his golden jubilee. . . . a certain automobile dealer has service station man in town has become so air-minded of late that he wouldn't be at all surprised to see him selling airplanes instead of automobiles in the near future. . . . according to reports repair work on the burned section of the highway bridge is progressing according to schedule, and it begins to look as if it really will be finished in September. . . . we're keeping our fingers crossed. . . . the revised city assessment rolls were open for public inspection this week, and contrary to expectations, there were very few changes made. . . . sail boat racing, which old-timers who remember the old Bay-Waveland Yacht Club when it was in its heyday, will tell you, was at that time the most popular sport not only in our town but along the entire Gulf Coast, returned to Bay St. Louis last Sunday on a small scale, thanks to Junior Breath and if the long line of automobiles seen along the beach front filled with interested spectators, is any indication of public sentiment then this is only the beginning of the revival of that popular sport, at least we hope so. . . . Coach Pete Burge and his assistant Dick Thames of Stanislaus will begin pre-school football practice this Friday afternoon at the stadium. . . . it was disclosed this week that Keesler Field has been made one of the nation's permanent military installations to instruct airmen. . . . checks totaling \$4,659.06 were in the mail this week, representing the state's first quarterly installment on 1948-49 teachers' salaries, school expenses and transportation facilities, and are the first payments to common schools of a record \$35,000,000 appropriation of the 1948 legislature. The sum is paid on a per capita basis of \$9.87 per educable person in the state, which means between the ages of 6 and 21. . . . Mr. Mayor we have a couple of items on our mind this week—first, the light on Second and Main is set too fast—your attention was called to this a little while back and the boss tells us that you resented the suggestion very much—when somebody is hurt or probably lose their lives at that corner it may bother your conscience—Second, ride on the Beach between Ortle's Theater and Ben Hille's and there is a ditch across the road that is going to cause injury to some person who does not know that it is there—this is only constructive criticism—nothing personal.

CHAMBER OF COMMERCE NEWS

At the regular meeting of the Hancock County Chamber of Commerce, held in their office on the 13th., several important matters were taken up for discussion.

A resolution was adopted changing the present by-laws, reducing the annual membership fee to \$12.50. The general thought being that a wider range of representative members would be attracted to join the organization.

It was brought out that a Chamber of Commerce MUST be kept alive in Hancock County. It is the one medium that can act as a liaison, between the outside possibilities and the interest of the County as a whole. The direct results of the efforts of the Coast Council, which is made up of the seven Chambers of commerce on the Gulf Coast, while not publicly announced through any given source, will in time, prove that it is a wise move to support and maintain an active Chamber in this county.

HAPPY BILL COPE PRESENTS PROGRAM FOR TEEN-AGE CLUB

Happy Bill Cope went over the top in his entertainment on Thursday evening when he went all out with a snappy program for the benefit of the Teenage Group. The club realized enough to meet the cost of the new music box they recently purchased.

Mr. Cope gave several instrumental selections on the piano, guitar and accordion which pleased the audience to no end. He went down the aisle of the Bay High auditorium, playing the accordion and singing until he had every body singing—in fact it was a song fest.

In addition to this, we had some thing from our home talent too. Miss Ann Kenmar sang "September in the Rain" and "One in a While" and Luke Scianna sang "Because" and "Now is the Hour."

The club and its sponsors are deeply grateful to Mr. Cope for stopping over in Bay St. Louis in order to help the club.

Following the program the club members and their guests went into the gymnasium and danced the rest of the evening away.

DONALD BLAIZE HAS BIRTHDAY PARTY

The children had the most fun riding Donald's pony which to a great number of them was a novelty. Of course there was the usual birthday cake which Donald cut and which was served with ice cream and punch.

Library Tag Day Goal Not Reached - Board Expresses Appreciation To Workers

The Library Board of the Bay St. Louis-Hancock County Library wishes to express its appreciation of the splendid work done by the girls who worked for them on the Library's Tag Day. They were a valiant little group and did a splendid job in the day's collection and Miss May Edwards and the library Board feel that without them Tag Day would have been a failure.

While the goal set for the annual collection has not been reached the board feels confident that it will be. The Library does not anticipate that it will be let down by the people of Bay St. Louis. Several very generous checks have come in but many more are expected. That Bay St. Louis will and can support the Library is evident. Many do not know that the only money the library has is what it makes on the rent of books which is very small and on this once-

a-year collection. That is it fund for the purchase of books, for needed supplies for the operation of the library-material for the mending and rebinding of books, shelac for the preservation of the new books, stationery, and many other necessary material things.

The board also appreciated the courtesy extended by Miss Clara Kergosien and the Beach Drug Store, force in allowing the use of the store for headquarters for the drive.

Keep this on your mind and send in your memorandum book and send in your donation this week. The Library needs the money.

The girls working were: Temple Perkins, Karen Kergosien, Jean and Camella Fernandez, Hope Crosto, June Breath, Linda Breath, Nolene Breath, Marcia Artiques, Alary Blaise, Margene Switzer, Jane Melcher, Patsy Shadoin, Gaynel Mitchell and Phyllis Allison.

—Mr. and Mrs. J. M. Davis of Leesville, Louisiana, spent the past week here visiting at the home of their son and daughter-in-law, Mr. and Mrs. James Davis. The visiting Mrs. Davis had a birthday and her son and daughter-in-law entertained a small group of her friends on the occasion.

—Miss Thelma Ellis, Miss Juliette Perre and Mrs. Leonie Cabell will spend this weekend in New Orleans. Mrs. Cabell will meet her three children in New Orleans on their return from a visit to Texas and they will return to Bay St. Louis with their mother.

—Jan Moise who has been visiting Mary Jane Green left last week by plane for her home in Houston, Texas. Mary Jane's cousin Margaret Green of Mobile has also been on a visit to Mary Jane and she left this week for her home.

COLMER RESUMES ELECTION DRIVE; LAMBASTS "SMEAR CAMPAIGN"

Monticello, August 16 — Lashing out at what he termed "the PAC, left-wing type of smear campaign" conducted against him in his absence at the special session in Washington, Congressman Wm. M. (Bill) Colmer, of Pascagoula, brought his campaign for re-election to the northwestern corner of the Sixth Congressional District today with appearances in a half dozen communities of Jefferson Davis and Lawrence Counties, closing with a speech at the courthouse here tonight.

The lanky, red-headed Congressman, holding up for inspection by the crowd an advertisement which he said appeared in many weekly newspapers in South Mississippi last week, charged: "This is the sort of thing that happened in Alabama, in South Carolina, and elsewhere when the left-wingers moved in, with their unlimited finances and hired publicity men, to try to tell the people there how to vote. It is the tactic of smear the other fellow to hid your own lack of qualifications."

Congressman Colmer reviewed the special session of Congress called by President Truman in the midst of the Congressional race. As chairman of the 18-member House Dixie Group, Colmer said that his path of duty was so clear that he had not hesitated about leaving his own campaign to return to Washington to help plan the strategy for the successful fight against Truman's civil rights program. He pointed out that this was the third time his plan to visit every community in South Mississippi during the race had been interrupted. He was a state-at-large delegate to the Democratic Convention at Philadelphia, walked out with the rest of the Mississippi delegation in accordance with instructions from the State Convention and then attended the States' Rights Conference in Birmingham.

Colmer resumed his campaign for re-election Saturday with speeches at Lucedale, New Augusta, Richton, and Waynesboro. He has scheduled 23 engagements between now and his primary on August 24th. "I am going to cover as much of the District as I possibly can in the limited time available," he said.

Rep. Colmer spent this morning at Prentiss at the opening of court and visited New Hebron, Silver Creek, Wanilla, and Jayess before closing the day here.

NOTICE

TO THE CITIZENS OF WAVELAND, MISSISSIPPI:
As Alderman in Ward No. 1 of Waveland, I have refused to vote for the approval of the land assessment rolls now being completed for the reason that I believe that it is unfair to the tax payers of said town for the valuation of valuable property to be fixed at unreasonably low figures while the valuation of other properties are being fixed at unreasonably high figures, as will be evidenced from an inspection of the rolls as approved by a majority of the board, and I invite the inspection of these rolls by the public.

Respectfully,
JOHN A. GARZA.

"From where I sit"
... by Joe Marsh

Our Wives Are Pretty Smart!

Housewives in our town don't have too much time for shopping with the work there is to do around a house. So on our street, they organized "Co-operative shopping"—by which each housewife takes one morning to match fabrics, pick up patterns, etc., for the rest.

Co-operation for the good of all is a common American trait... like the way the brewers and beer retailers got together on their program of "Self Regulation."

They know what's good for one is good for all—that their interests, and their customers' are best served by maintaining clean, law-abiding places.

If any retailer gets out of line, the brewers' representative drops a warning—and if that doesn't work the brewers report it to the proper law enforcement agency. From where I sit, it's the enlightened way to protect the rights of those who enjoy a friendly, moderate beverage like beer. And another consideration is that the U. S. Brewers Foundation cannot co-operate in maintaining clean, law-abiding places where the legal sale of beer has been voted out.

ORTTE THEATRE SUNDAY - MONDAY "BIG CITY"

With Margaret O'Brien, Geo. Murphy, Butch Jenkins

Laughs, tears, romance and song are all present in the exhilarating parade of talent offered in "Big City" the new M-G-M picture now showing at the Ortte Theatre, with little Margaret O'Brien heading a cast which includes not only a group of Hollywood's best-known players, but also the Broadway musical-comedy star, Betty Garrett, and world-renowned Lotte Lehmann to Metropolitan Opera fame.

Miss Garrett, in the role of a flossy Bowery entertainer, sings such songs as "Don't Blame Me," "I'm Gonna See a Lot of You" and "Ok! Baby Dok! L." Mme Lehmann offers contrast in her rendition of "Brahms Lullaby," "Traumeri" and Irving Berlin's "God Bless America."

Danny Thomas, another headliner in the cast, lends his own style to "The Whiffenpoof Song" "What'll I Do" and "Yippee - O Yippee-Ay" which gives you an idea of the rich musical fare "Big City" has to offer.

Actually the picture is not a musical but rather a comedy-drama which give a natural outlet to song sequences. It tells of a child brought up by three self-appointed guardians, who finally has to face a court battle to determine her future life. It is here that little Margaret O'Brien comes into her own, giving another of those heart-warming portrayals that has endeared her to youngsters and adults the world over. And, not to be outdone, Margaret also sings in an hilarious impersonation of Miss Garrett. It's an impersonation you won't soon forget.

Bygone Days

JAN. and FEB., 1895

Mr. E. H. Hoffman announced his candidacy for re-election to the office of Clerk of Courts in January, 1895.

Miss Lydia Saucier and Prof. James T. Egan were married on December 26, 1894.

Mr. and Mrs. John Green announced the birth of a son.

At that time there was no candidate for sheriff and tax-collector of Hancock County.

There was a light fall of snow that lasted for only fifteen minutes.

Bay St. Louis would not get lights and water as originally planned because of some misunderstanding in regard to finances. To point out the need for street lights a picture of Bay St. Louis at night was printed and all it was was a very black patch.

In 1895 the mayor received a monthly salary of \$15.00 which was smaller than some of the salaries of laborers.

Mr. Harry Saucier one of the handsome boys of Bay St. Louis returned home from Franklin, La.

Desperate Tactics

Is the opposition to Congressman Bill Colmer so desperate that it must resort to half-truths and deliberate mis-representations of his splendid record? Do they think that they can fool the intelligent voters of South Mississippi with last minute Hitler-like propaganda?

Witness these typical mis-representations from the stump and from printed circulars and advertisements:

1. The opposition charges that Congressman Colmer was a belated convert to the states' rights movement and even has the effrontery to suggest that he was for the anti-poll tax and other anti-Southern bills.

ANSWER: The Congressional Record shows that Bill Colmer has always been a leader against these iniquitous bills, and because of that leadership, he was unanimously elected the chairman of the group of 78 Southern Congressmen, which was organized to fight the anti-Southern program.

NOTE: As a matter of fact, Colmer's opponent was not in attendance at either the State Convention, the Philadelphia Convention, or the Birmingham Convention and has consistently soft-pedaled the States' rights fight being made by the people of Mississippi to preserve their rights.

2. The opposition charges that Congressman Colmer voted for a Congressional pension for himself.

ANSWER: The Congressional Record at page 2189 of the permanent Record shows that Congressman Colmer spoke against the bill, and he is recorded at page 2194 as voting against it on a record vote on March 12, 1946.

3. The opposition has the bold effrontery to insinuate that Congressman Bill Colmer is pro-Communist, and that he agreed with Stalin to the shipment "of vital war materials to the Communists-----."

ANSWER: Not only the people of Mississippi, but every member of Congress, Secretary of State Marshall, and Stalin himself knows that Bill Colmer, as chairman of the Post-War Committee, was the first member of Congress to point out (in 1945) that you couldn't do business with Russia. He offered an amendment, pages 4343-4356 of the Daily Congressional Record, April 27, 1947, to prevent the shipment of these and any other materials to the Communists or the countries dominated by them, and most Americans know that he is the first member of Congress to advocate a firm policy in dealing with Russia.

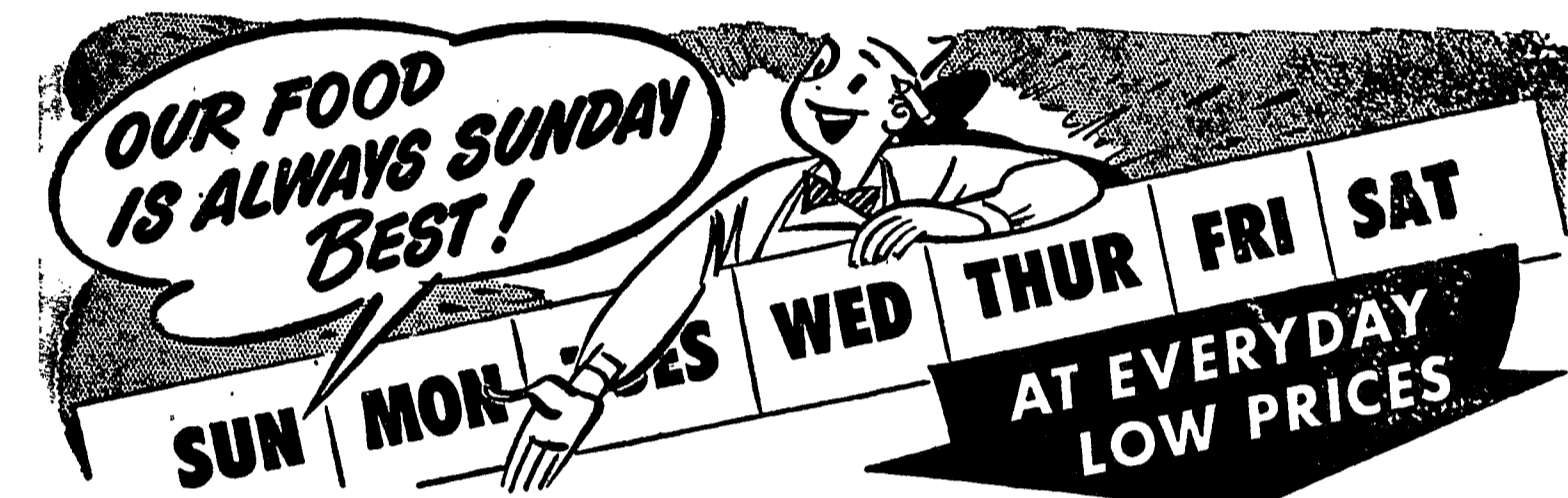

The opposition has been campaigning for three months while your Congressman Bill Colmer, was fighting your battles at the Philadelphia Convention, at the Birmingham States Rights Convention, and at the special session of Congress in Washington, where he worked closely with Senator Russell, the chairman of the Senate group organized to fight President Truman's civil rights program. Is it possible that the opposition, realizing that the people of South Mississippi appreciate the fight that Bill Colmer has made for them, are now convinced that all hope of their winning the election is gone?

Is this the reason, therefore, that, in these few days remaining before the primary, they think that they can, by wilful mis-representation of the record, fool the intelligent voters of the Sixth Congressional District? Surely such unfair and desperate tactics constitute an insult to the intelligence of the voters of South Mississippi.

Beware of further last minute tactics and show your resentment on next Tuesday, August 24, by voting for

Bill Colmer

Unsolved Reaper Mystery

This 74-year-old Triumph reaper was found recently in a New York state barn in its original shipping crate. It had never been used. Efforts to learn why it was left unpacked for almost three-quarters of a century have so far uncovered no clues. This reaper shown above in comparison with a present day combine was exhibited at the Ford Tractor and Dearborn implement press demonstration held at Deer Lake Hills Farm, Clarkston, Michigan, by Dearborn Motors Corp., Detroit.

OIL BOARD HEARINGS ALL OPEN TO PUBLIC

All hearings of the Mississippi Oil and Gas Board will be "open to the public", and hearings will be publicized for 30 days except in cases of emergency when "to prevent waste" the board may hand down special rules which will run only for 15 days, or until a regular hearing may be held on the rulings, the board decided here this week.

Called to consider rules of "practice and procedure" before it, as a preliminary to studying new state-wide and field rules governing drilling and production, the board adopted a formal plan of procedure so that any person or individual who wants to bring a grievance before the board may do so, and be assured a full hearing.

In all matters pertinent to individuals or companies seeking relief in field practices or wildcatting, a letter to the board setting out the grievance and relief sought, is to be sufficient, the new rules declare; and a public hearing will be set when sought.

Since the new board is not a full-time commission, and the number of days it may meet in any year are limited, the board chairman James McClure of Sardis, will set hearings so that several may be held on the same or succeeding dates, or on dates of regular board meetings.

"In line with the law, we will hold all hearings in Jackson, unless otherwise specified," Chairman McClure said; this, he pointed out, will leave the board free to inspect fields and hold hearings at or near them if it feels such action is necessary.

At its rule-making meeting, the board heard a report from Oil and Gas Supervisor H. M. Morse that at the end of the biennium the board was able to turn back to the state treasury over \$30,000 of the \$40,000 appropriation for last biennium as a "support fund"; the rest of board expenses were paid by special fees for issuing drilling permits, and similar fees. Mr. Morse also pointed out that the new maintenance charge against oil and gas production, invoked by the recent legislature, and which was estimated to yield about \$7,000 a month, actually yielded

\$13,728 from May 12—its effective date—until July 31. He said it should run slightly higher for following months as production increases.

After adopting rules of procedure to be followed by the board in hearings, the members began a study of suggested field rules and state-wide rules, governing exploration, drilling and production practices, and announced that after a thorough study they will hold hearings on the new regulations.

Coach Guillory is expecting between 25 and 30 boys to report for drills, with several who have been working during the summer coming in a few days late.

According to Coach Guillory, the squad will be light with about a 135 pound average in the backfield.

RETIRES AS MANAGER
FOR MUTUAL LIFE OF
NEW YORK**

Richard F. Lawton, of Waveland, manager of the New Orleans agency of The Mutual Life Insurance Company of New York for a quarter-century, has retired under the company's retirement plan. His successor is James H. Lake, formerly manager of The Mutual Life's Columbia, S. C., agency. The changes were announced today (Aug. 13) by Roger Hull, vice president and manager of agencies.

Mr. Lawton's retirement from the New Orleans post comes after 33 years in the life insurance field. He joined the company in 1915, was named manager of the company's one-time agency in Meridian, Miss., in 1922 and moved to New Orleans the next year.

Active in civic affairs, Mr. Lawton has been a director of the New Or-

leans Chamber of Commerce, trustee of the Southern Baptist Hospital, member of the Port Development Committee, director of the Bureau of Governmental Research, member of the Hospital Service Association of New Orleans, and member of the New Orleans Rotary Club. He is also a member of the Life Managers Association of New Orleans and has been treasurer of the New Orleans Association of Life Underwriters.

**August 14th. Thirteenth
Anniversary of Social
Security Act**

Saturday, August 14, was the thirteenth anniversary of the signing of the Social Security Act. Since that day in 1935 when the Act was signed by the President and became a law, it has become a vital part of the lives of millions of Americans by giving workers a way to build insurance protection for themselves and their families.

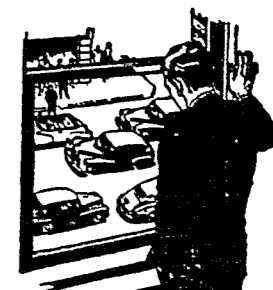

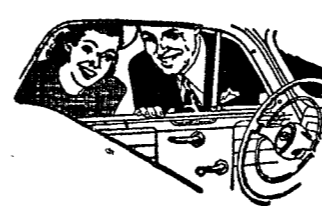

Mrs. Lula Wimberly who is manager of the Gulfport office which services the counties of Harrison, Hancock and Jackson, opened this office in January, 1940. Mrs. Wimberly says there are 474 other field offices in the United States. Through these offices approximately ninety-one million account numbers have been assigned. These social security account numbers are an important part of the job of keeping workers' wages recorded accurately. Since Jan. 1937, more than two billion dollars have been paid to retired workers and their families and to the survivors of workers who have died. Information or advice regarding Social Security numbers or the filing of claims may be obtained from the Gulfport office or from a representative of that office on the following schedule: Biloxi at the Employment Office every Wednesday from 9:30 to 12:00M. Pascagoula at the Employment Office every Thursday from 10:00 A.M. to 3:30 P.M. and at the Post Office in Bay St. Louis when requested.

**Make these 4 comparisons
before you buy
any car****COMPARE THE VALUE**

Yes, compare the features—compare the prices—compare what you get for what you pay—and you, too, will come to the conclusion that Chevrolet continues to be first in value, just as it continues to be first in Big-Car Quality at Lowest Cost, and just as it continues first in demand, year after year.

COMPARE THE POPULARITY

You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet—outstanding leader in popularity for the total 17-year period, 1931 to date!

**COMPARE THE FEATURES**

Only Chevrolet combines the Unitized Knee-Action Ride for gliding smoothness; the world's champion Valve-in-Head engine for performance and economy; Body by Fisher for tasteful beauty; and Fisher Unisteel Construction plus Positive-Action Hydraulic Brakes for all-round safety protection!

COMPARE THE PRICES

You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet prices are the lowest in its field. Chevrolet costs less to buy, to run and to maintain!

Meeting of The Lakeshore Home Demonstration Club

The August meeting of the Lakeshore Home Demonstration Club was held at the home of Mrs. Horacio Russ with a large number of members present. Tray making was the demonstration for the meeting and the members enjoyed the pleasure of making trays and twelve trays were stenciled and made ready for use. The designs ran from single flowers to sailing ships.

Miss Annie Lois May, county H. D. Agent, reported on her trip to the three day camp held at Lake Waukaway. The club helped finance the forty boys and girls who attended and Miss May's report on the success of this camp was doubly interesting to the club.

The meeting lasted all day, and Mrs. Russ served a nice picnic dinner with cold drinks. In the afternoon coffee was served.

Members attending were Mesdames Clarence Becker, Reginald Moran, Harry Stone, Ruth Miller, Milton Stoufflet, Lula Asher, Bertha Spears, Rufus Luxich, J. P. Fichter, Miss Annie Lois May and Miss May Courge.

PERTINENT QUESTIONS TO CONGRESSMAN COLMER:

WHERE WERE YOU CONGRESSMAN COLMER?

When the Anti-Poll Tax Bill passed the House of Representatives in the 77th, 78th, 79th, and 80th Congress?

You say that you were against Congressional Pension Bill. Tell the people why you were against having a roll call vote on this measure. Was it because you did not want them to know how you really stood? Why did you talk one way and vote another? Really, Congressman, why don't you tell the people how much your Federal Pension will be when you are retired.

Why did you wait until such a late date to join the States Rights movements? Was it because you were trying to stay in with the Truman Administration in order to receive more patronage? Are you more interested in jobs for your friends than you are in States Rights. Tell the people.

Tell YOUR people, Congressman what you and Premier Stalin actually talked about when you went to see him. Did you agree to continue the shipment of vital war materials to the Communists until we are attacked by them as was done by Japan. You were in Congress then, too, Congressman.

CONGRESSMAN COLMER:

When an effort was being made to protect the interest of the United States by the fortification of Guam, you stood in the well of the House of Representatives and facetiously whined, "Where is Guam?" The graves of American Soldiers, Sailors and Marines now dot every part of that island. Many who were more fortunate together with their families and loved ones know its exact location. DID YOU EVER LEARN WHERE IT IS?

KNOW THE TRUTH ABOUT THE CONGRESSIONAL PENSION (or Annuity, as the Congressmen prefer to call it.)

DON'T TAKE MY WORD FOR IT:

DON'T TAKE HIS WORD FOR IT:

SEE THE CONGRESSIONAL RECORD:

(Copy of the vote on the Congressional Pension as it appears on page 10,154 of the Congressional Record, July 25, 1946.)

"The Speaker: The question is on the (Congressional Pension) Bill. The question was taken on a division (demanded by Mr. Murray of Tennessee); there were 'ayes' 229, 'noes' 61.

Mr. Murray of Tennessee, Mr. Abernathy, and Mr. LeCompte demanded the yeas and nays.

The yeas and nays were REFUSED!

THE BILL WAS PASSED!"

Your Congressman was against a roll call vote on the Congressional Pension Bill. WHY? There is only one reason. He did not want you to know how he stood.

Why doesn't the Congressman quit quibbling over technicalities and tell the people how much HIS Federal Pension (or Annuity) really is?

NOW, MR. COLMER, WHO'S TELLING A BALDFACED FALSEHOOD?

KNOW THE TRUTH AND THE TRUTH SHALL MAKE YOU FREE!

VOTE FOR GROVER C. DOGGETTE FOR UNITED STATES CONGRESSMAN!

A. & G. THEATRE SUNDAY AND MONDAY AUGUST 22-23 "FURY AT FURNACE CREEK"

Vic Mature, Coleen Gray,
Star in Thrill-Blazing Film

Blazing with excitement, thrilling with tumultuous spectacle, and completely absorbing from beginning to end in a gripping drama that is superbly acted and filmed, Twentieth Century-Fox's "Fury at Furnace Creek." It is, by all odds, one of the most solid entertainments to appear on the screen in many months.

"Fury at Furnace Creek" is a saga of vengeance and heroism Mature in "Kiss of Death," and more recently opposite Tyrone Power in "Nightmare Alley," is

unfolds the drama of two brothers who battle to clear the name of their father who was framed by an unscrupulous silver syndicate that provoked a massacre as a means of opening up Indian lands to exploitation. In its telling it highlights in a new and exciting way the rich color, fast and reckless action and taut drama that marked the great march westward into the land of promise and of danger.

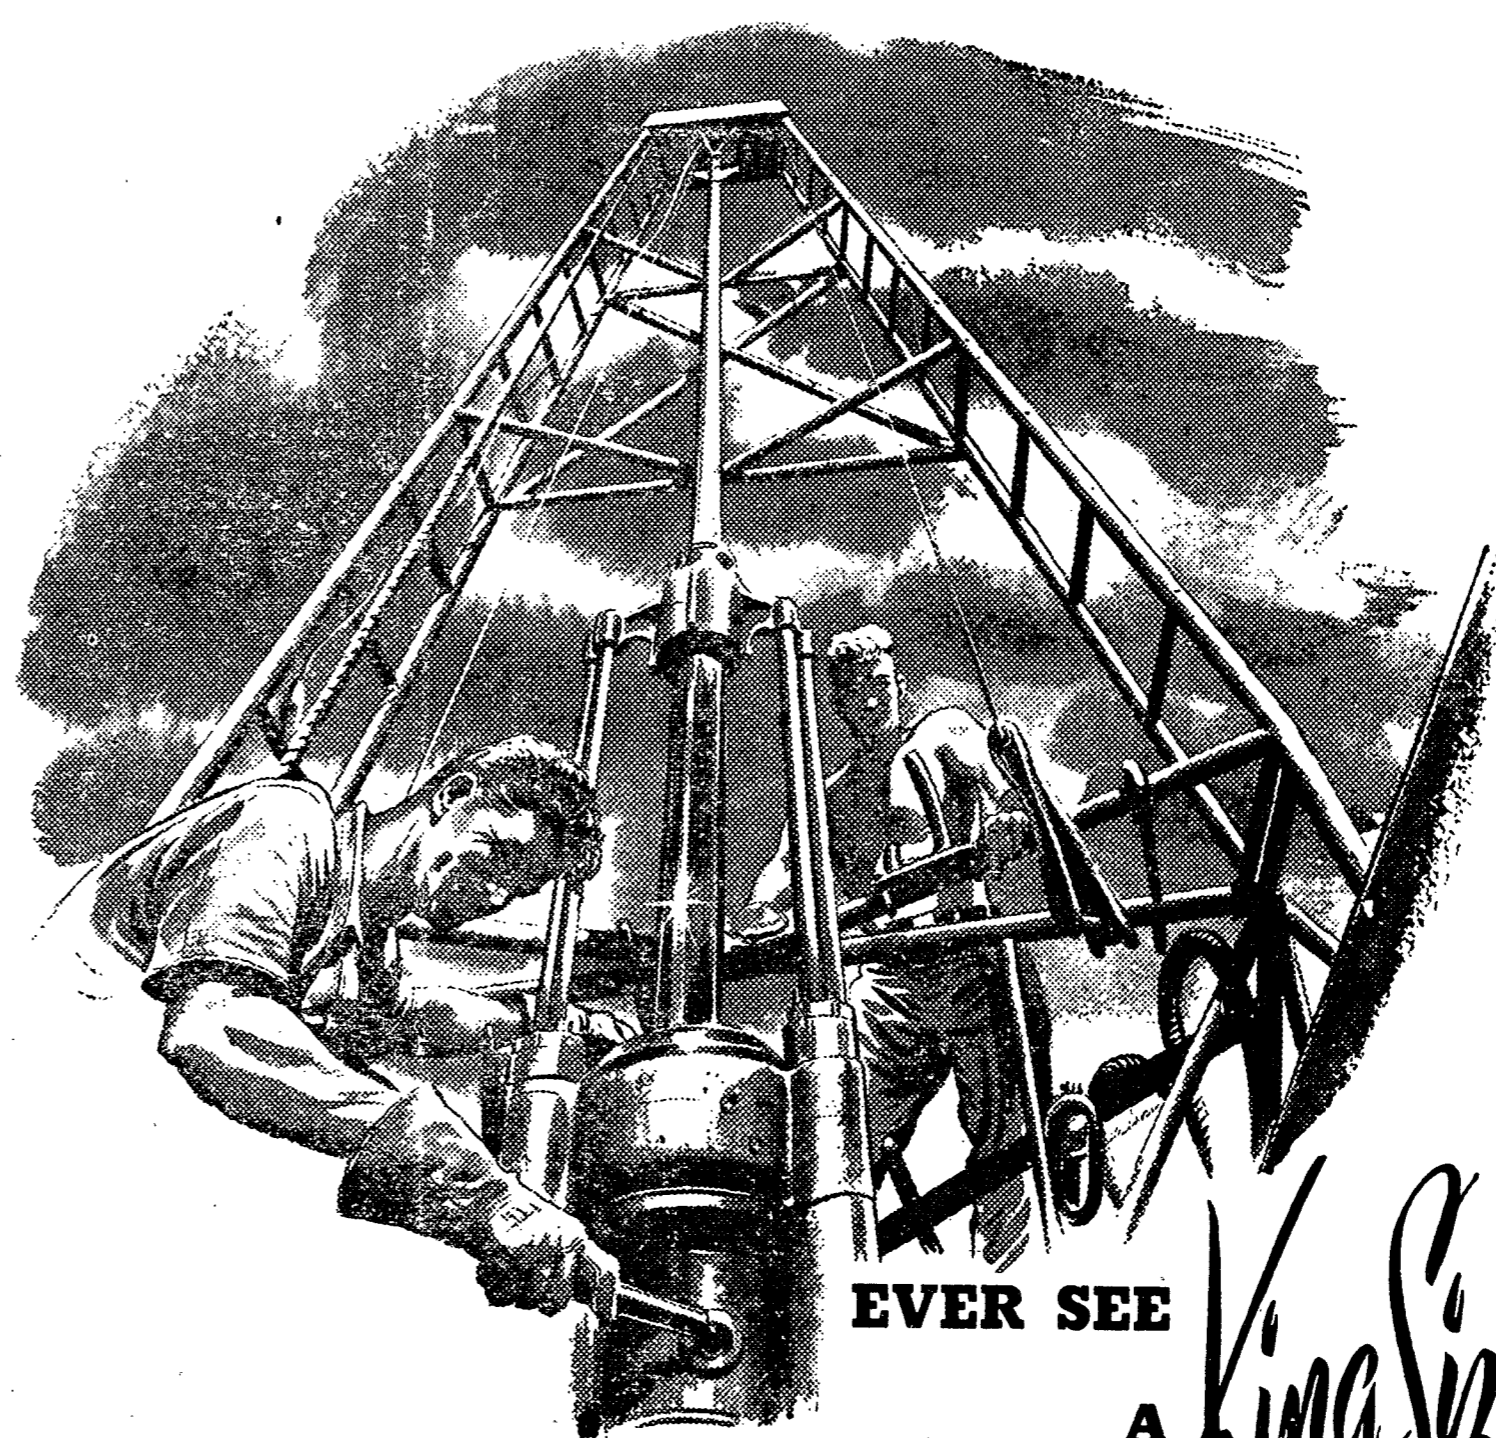

Too, this film draws upon to its fullest Victor Mature's latent dramatic power that first exploded upon a delightfully surprised public with his terrific performance in "Kiss of Death." Mature's role in this picture, that of the gambler and adventurer, that of the betrayer of his father, is a perfect followup. Lovely

Coleen Gray, who appeared with Mature in "Kiss of Death," and more recently opposite Tyrone Power in "Nightmare Alley," is

seen as Molly Baxter, who is torn between Cash Blackwell, and his estranged brother, Rufe, admirably played by Glenn Langan. Reginald Gardiner, in an unusual change of pace, is seen as an ex-Cavalry officer, who holds the secret of Gen. Blackwell's frameup.

Into the boom town of Furnace Creek ride the two bitterly antagonistic brothers, each playing a lone hand. When Cash weedles a job as gunman for the silver syndicate with Rufe convinced that his brother has sold-out—and with Molly the victim of natural but tragic confusion—the stage is set for explosive drama that builds with breathtaking action and suspense to a smashing climax.

Director Bruce Humberstone's staging of the wagon-train massacre and the wild siege and burning of Fort Furnace Creek provide unforgettable moments in a picture that for sheer excitement shouldn't be missed.

EVER SEE

A King Size DOODLEBUG?

The first "doodlebugs" were forks from the willow or peach tree, whose "magic" was used to locate likely spots for water wells.

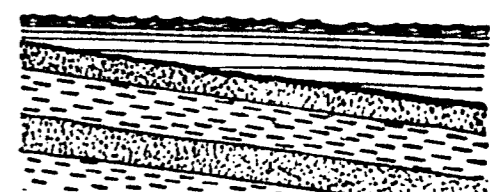

In the early boom days of petroleum, the doodlebug gave way to the "divining rod," which supposedly had mystic powers for locating oil. Now, however, the doodlebug and divining rod have been replaced by seismograph crews, which have the tough and technical job of finding buried formations favorable for the presence of oil or gas.

Each year, a substantial part of our budget for construction and development is ear-marked for the acquisition of leases, for geophysical exploration and exploratory drilling. This is one of many functions of the UNITED GAS organization . . . all with the ultimate purpose of assuring a continued dependable supply of natural gas for our customers.

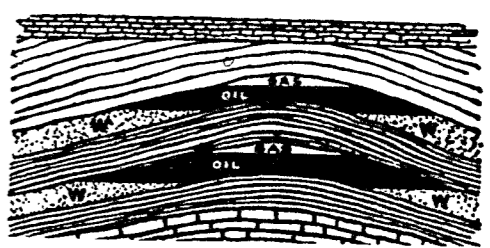

UNITED GAS . . .

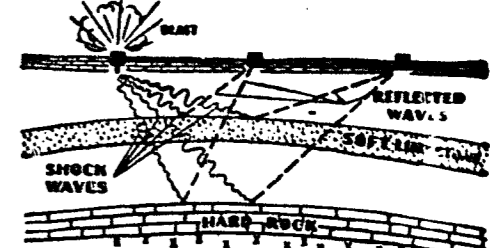

Serving the Gulf South

Age ago, when water covered the earth, fish and vegetable matter settled to the ocean floor, building layer on layer until it was thousands of feet thick.

In some sections oil or gas collected in scattered pools for under the surface of the earth. Seismograph crews explore with scientific instruments for indications of those petroleum deposits.

Sound waves from an explosion penetrate the earth, then rebound from various strata to indicate the structures most favorable for oil or gas.

Miss Jeanne Arceneaux, daughter of Mr. and Mrs. E. J. Arceneaux, Sr., and John Harry Bonck, Jr., son of Mr. and Mrs. John Harry Bonck of New Orleans were married on Wednesday, August 18, at a Nuptial Mass at Our Lady of the Gulf Catholic Church, the Right Reverend Monsignor A. J. Gmelch celebrating the mass with Donald and Andre Arceneaux, brothers of the bride, serving as altar boys.

The full sleeve extended from the tucked shoulder cap with a fullness which tapered down to a tight fitting sleeve ending in a point over the hand. She carried a prayer book topped with a white orchid and cascading from this were butterfly gardenias and orchids. Her long veil of illusion was held to the head with the same flowers. Her only ornament was a chain and gold cross.

She had as her maid of honor her sister Miss Nannette Arceneaux and her two sisters, Mrs. P. G. Bernheim of Gulfport and Miss Violet Arceneaux were maids. They wore dresses of the same material as the bride's and fashioned the same with the exception of the cap sleeve which ended at the shoulder. They carried prayer books from which fell in cascade lavender and apricot and orchids with the same flowers in their hair. They wore pearls with rhinestone pennant, gifts from the bride. Mr. Bonck had as his best man Mr. Rudolph Ramelli of New Orleans. Jules Menou Arceneaux, brother of the bride and Lucien Mironne of New Orleans were groomsmen.

Following the ceremony a reception was held at the home of the bride's parents on North Beach. The reception rooms were bright with a profusion of white asters. The dining table held in the center the five tiered wedding cake and crystal candelabra with lighted candles rested on lace doilies.

The tea girls were Patricia Gex, Margaret and Rita Boh and Mary Jane Green.

CARD OF THANKS

We wish to express our sincere thanks and gratitude to our many friends who came to our assistance and for the many expressions of sympathy at the time of the death of our mother and wife, Mrs. Mary A. Heitzmann.

We especially wish to thank Father Fox, Alvin Weinberg and the Fahey family.

We shall always remember their many acts of kindness and they will have our everlasting gratitude.

THE FAMILY.

Endorse Candidacy Of Congressman William M. Colmer

With a feeling of gratitude to an unselfish public officer, who has devoted the past 15 years untiringly in his efforts to aid and materially benefit the congressional district which he represents, and in appreciation of his outstanding work in the halls of congress we the undersigned heartily endorse the candidacy for re-election of Congressman William M. Colmer.

He has been a friend of the Mississippi Gulf Coast and of Hancock County. We know he has and will continue to work to secure aid for us for the rehabilitation of our Beach Front. It was he who introduced and fostered the bill that was killed in the closing minutes of the last congress that would have given us that much needed aid. It was he who suggested that legislation be passed to place the Beach Road on the Secondary System of State Highways in order that federal aid could be secured. He has always worked for the welfare of the people of this section. His actions for the welfare of the oystermen of the Mississippi Gulf Coast, in having the oyster reefs rehabilitated following their destruction by the waters of the Bonnet Ca're Spillway is one of the many outstanding pieces of Legislation that he has sponsored for the benefit of the people of his district.

We know that it takes years of service and experience in the National Congress for one to attain the position and influence that Bill Colmer now has, and in these trying times we need such men to represent us.

That he stands high in the esteem of his colleagues and maintains their admiration is attested by the fact that he was named Chairmn of the group of 78 Southern Congressmen in the State's Right Fight. It is not our purpose to dictate to the people of Hancock County how to vote, but in an earnest desire to be helpful to our county and our cities we ask that you give serious consideration to the candidacy of Bill Colmer for reelection, and that on election day you cast your ballot for him.

He can, has and will help us, and cooperate in every way with us in repairing the great damage caused by the hurricane of 1947.

May we urge you to vote on August 24th., and cast your vote for Congressman William M. Colmer, Mississippi's outstanding Representative from the Mississippi Gulf Coast.

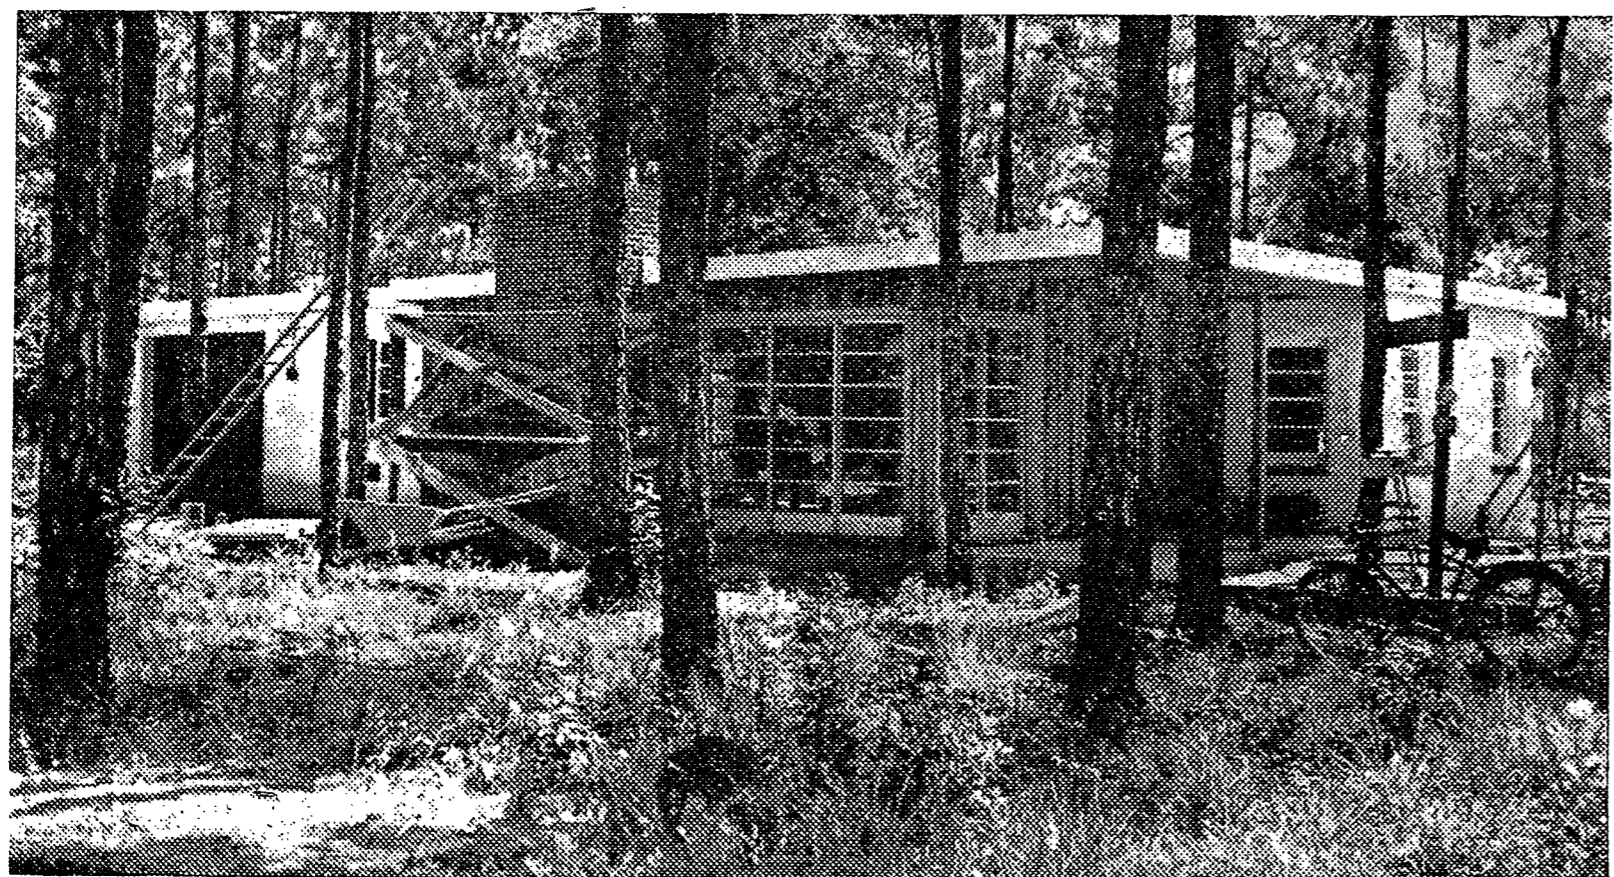

Respectfully
